5 years full warranty + 5 years pro-rata

Sand Filters

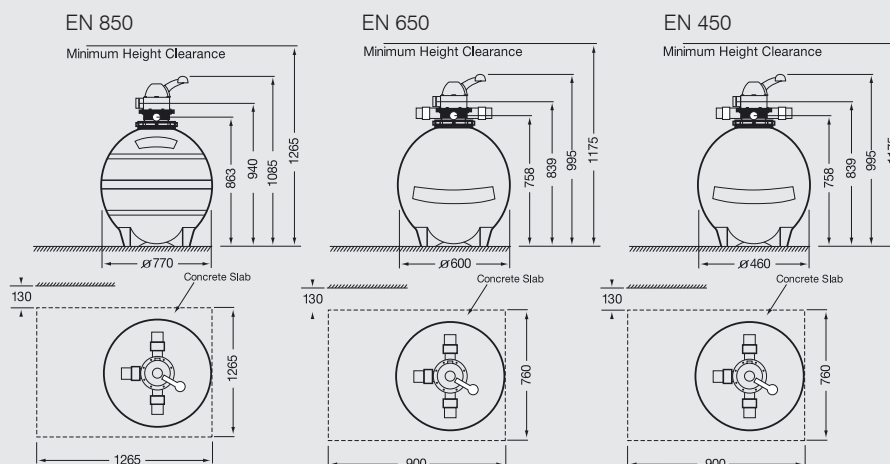

EN SERIES

Features

- One piece moulding for maximum strength
- Automatic air release
- Easy to operate six position backwash valve
- Integral pressure gauge
- Tank design allows maximum filtration area
- Revolutionary valve without a spider gasket eliminating maintenance requirements
- Maximum filtration achieved by the large underdrain assembly
- Easy to plumb barrel unions fitted to backwash valve
- Backwash valve clamped to tank for easy maintenance
- Designed in Australia for the harshest conditions
- Compatible with Diamond Kleen™ filtration media

Specifications

MODEL		EN 450	EN 650	EN 850
